

Technická inšpekcia, a.s.

Trnavská cesta 56, 821 01 Bratislava, Slovenská republika

AUTHORISATION

Registration no.: **91/4/2023 – TZ – V,Z – Aa1,a2,a3,a4,b1,b2,e, Ba,b1,b2,e1,e2,f1**

issued by Technická inšpekcia, a.s., Trnavská cesta 56, 821 01 Bratislava according to the standard STN EN ISO/IEC 17 020 (01 5260) based on Expert Standpoint no. 3416/4/2023-02 from verification of expert competence of the employer:

Name and address: **Euro Energy Slovakia Holding a.s.**
Lichnerova 38
903 01 Senec
Výrobné priestory a poštový styk Schubertva 28/A, Želiezovce

Identification number: **44883536**

Activity:

- V production**
- Z marking of technical pressure equipment**

Scope:

technical pressure devices of group A

- a1 steam and liquid boilers, I. class**
- a2 steam and liquid boilers, II. class**
- a3 steam and liquid boilers, III. class**
- a4 steam and liquid boilers, IV. class**
- b1 stable pressure vessels, that do not contain dangerous gases, vapors, liquids**
- b2 stable pressure vessels, that contain dangerous gases, vapors, liquids**
- e pipelines for distribution of dangerous liquid, pressure over 1 MPa, DN more than 25**

technical pressure devices of group B

- a steam and liquid boilers, V. class**
- b1 stable pressure vessels, that do not contain dangerous gases, vapors, liquids**
- b2 stable pressure vessels, that contain dangerous gases, vapors, liquids**
- e1 pipelines for distribution of dangerous liquid, pressure up to 1MPa**
- e2 pipelines with steam or hot water as operating fluid, DN more than 100**
- f1 safety accessory protecting against overstepping of maximum operating pressure**

Notes: Devices Bf1 – assembly only

The scope of this authorization includes pressure equipment in accordance with the Decree of the Slovak Republic no. 508/2009 Coll. and also such devices in accordance with the regulation of the Government of the Slovak Republic no. 1/2016 Coll. (Pressure Equipment Directive 2014/68/EU)

Authorization holder, during activity according to the authorization, shall keep to the terms given in expert standpoint no.: 3416/4/2023-02 dated on 30th June 2023.

Nitra, 30th June 2023
